Dear Students, Parents & Guardians,

As we all know by now that annual examination for class X has been cancelled by CBSE keeping in mind the uncontrolled speed for COVID -19 spread and safety of students. We understand all students must have worked very hard to achieve the best. But many a times in life, we have to move as per changing circumstances and this is what education makes us learn. Time has come to move on and keep the journey of learning, on. One must remember, education is not about marks scored rather it is about skills we have learnt and putting the learning into practice so, this is for sure, something we have learnt will never go waste rather, will be utilized in the time to come whether someone approves or evaluates it or not (formally). This is the time we must look forward for future so, let's take off for further learning; believing that knowledge acquired will always be there with us.

Let's gear up for class XI. School is sending you the different subject combinations that may be opted in class XI as per interest of student. They must choose their subjects carefully keeping in mind their interest, aptitude, ability to work hard and future plans.
